Index to *American Documentation* Volume 16 and Volume 17 (Nos. 1, 2, 3 only)

This is a deep, informative, subjective index to ideas and concepts contained in papers, brief communications and letters to the editor, produced with the IBM Selectric typewriter.

Authors and subject headings are in one alphabetical listing. Page numbers refer to pages in Vol. 16, unless underlined, in which case they refer to Vol. 17. *Items from letters to editors* and authors and titles of reviewed books are in different type faces. User comments are invited.

Isaac D. Welt
Associate Editor.
